

It is with pleasure that our office recommends Fire Function as an excellent catering service. We have tried many caterers for our activities and were excited to find Fire Function and his wonderful crew. The meals are excellent and the price is right. Our directors report that the food is fresh and of good quality, always delivered on time by very friendly people with a pleasing presentation. Vegetarian orders need to be specific with extra attention by George.

We are sure you will be delighted with George and his staff.

Thanks

**James and Lauren**
